ANNUAL REPORTS
DEERFIELD, N. H.

1912

The Lens Treatment of Sight Defects

With Glasses by Nonmedical Optometrists is now Fully Regulated by the State

We will be glad to send a copy of this statute to anyone who applies.

Our treatment of sight defects with glasses is fully up-to-date at both of our offices.

One book by Mrs. J. C. McKie.
One book by Sumner F. Claflin of Manchester.
One book by Elbridge J. Copp of Nashua.

CARROL E. LEGRO,
Librarian.

REPORT OF THE SCHOOL BOARD.

We have maintained nine schools, eight of them for twenty-eight weeks and one for thirty-one weeks, the three weeks extra, from the Philbrick fund. The whole number of pupils was one hundred and forty-four. The pupils of Nos. 6 and 12 have been transported to No. 7 and from No. 8 to No. 4. This course we believe better for the scholars and at less expense than opening more schools. We carry quite a balance over for the coming year. The teachers were tired as well as the scholars, the weather cold and rough, and the attendance small, and it did not appear to us wise to continue the school longer. The unexpended balance in the school treasury will be required to prepare for the early spring term.

We have been fortunate in securing a good corps of teachers and the schools have made commendable progress in the fundamental or basic branches. When we consider the fact that of these pupils whom we are trying to fit for the battle of life, hardly one in ten will go beyond our common school, we believe the wiser policy is to encourage the thorough study of the fundamental branches or to give them first place in our curriculum.

We have aimed to ground them well in these branches, for without them as a foundation they can never rear a firm and enduring superstructure. To acquire the habit of study and learn the use of books to find out what they want to know instead of leaning upon the teacher to tell them, will be of great use to them after their school days are over.

Respectfully submitted,

G. H. TOWLE,

Chairman of School Board.
